Step 1: Modify overlay to only have Top 15 Core Words + Motivating Words

Step 2: Team will increase their knowledge on how to say core words and other motivating messages:
- Attend training on basics of Vantage and Unity
- Explore the device and vocabulary.
- **Model** single words for Student using his/her device

Step 3: Student will use single core words (Top 15 words) to request, comment, and direct
- When Student uses single words consistently the team will consider increasing the # of icons on overlay (to reflect the top 30 words.)
