Location Education Support Center – 190B

MEETING MINUTES

Decisions Made

Homework:

1. Review the draft operational definition of a Community Partnership and:
 - a. Enter one or more words that would be included where the blank line appears in the operational definition. The words would help to complete the definition.
 - b. Indicate what is working for you about the operational definition.
 - c. Indicate what changes you would make in the operational definition.
2. Define the three concepts below as they are used within the strategic direction. What is the "essence" of the concept as used in the strategic direction?
 - a. Foster
 - b. Strengthen
 - c. Family Engagement
3. Brainstorm success measures for the strategic direction. Remember that at our first meeting we identified that our success measures may be "indirect" vs. "direct" drivers of student learning and family engagement. It may be difficult to draw a straight line, cause and effect relationship between a partnership and its effect on student learning and family engagement.
